ABOUT

# the collection

iona

to embody the frequency of the dryad is to awaken the warrior spirit of the great oak, an interminable, unshakable peace at the call of the warrior nymph.

each of the 11 bespoke adornments is a unique occurrence of crystal, 14k gold and channeled invitation, cast upon with unique sacred geometrical light language shapes on the full moon in virgo of 2022.

to acquire a piece of the collection is to step into a royal lineage of caretakers - protectors of peace tending to the ancient forges of heart, will & spirit.

thank you for coming with me into this new age.

love,

tiffany
